**Maybe you feel exhausted all the time because:  
 You struggle to take a moment for you.  
 You rarely stop to consider your own needs or prioritise  
 you because you don't think you matter enough.  
 Maybe your nervous system has been stuck in survival  
 mode for so long that feeling at ease or deeply connected  
 to yourself feels impossible.  
 But maybe now is the time to find a different way through  
 life. Maybe now is the time to finally choose you, too.**

**Sometimes we must remind ourselves:  
 That we are not responsible for other people's poor behaviour  
 towards us, or their gaslighting, or their manipulation, or their  
 unkindness.  
 That's on them  
 What's on you is how you choose to respond, set boundaries,  
 know your worth, and not let their actions impact the beautiful  
 soul that you are. ~Helen Marie**
