REFLECTION

Let the final six months of 2024 remind you that you've made it through the first half of this year, and you'll make it through the last half.

Let this remind you that light always follows darkness. I hope you're able to enjoy the warmth even if you're not where you expected to be right now.

Time is passing so quickly, and it waits for no one.

Use the last half of the year to go after what you want, say yes to more things that bring you joy and say no more to the things that don't. Watch the sunset. Sent that message.

Dance on tables.

Soak up the sunshine.

Read that book. Move your body. Do it all because there won't be a second chance at life. This right now is all we have and once we recognize what a blessing that is, that's exactly what it will feel like. ~ markmywords.x
